

WHAT'S AN INDUSTRY DAY??

✂✂An intensive workshop involving people working together to exchange industry knowledge and ideas so that the US Army uses best practices for performance standards for commissioning and metrics for measurement of performance.

INDUSTRY DAY PURPOSE

*✂✂Provide industry with project goals
✂✂Provides open forum for exchange of ideas
✂✂Encourages discussion
✂✂Shares an understanding of needs & wants
✂✂Identifies issues/solutions & proposed performance standards and measurements
✂✂Exchange Contact Information*

INDUSTRY DAY PRODUCTS

*✂✂Definitive Performance Specification Discussions
✂✂Collection of Industry knowledge, solutions, specifications, and metrics.
✂✂Establish avenues of communication
✂✂Potential future one-on-one meetings*
